

Certificate of Accreditation

Level 2

Completed: 03/03/22

This is to certify that Joanne Taylor
has successfully completed AUA-approved Level 2
training for the safe and effective use of ultrasound in
dog pregnancy.

The Animal Ultrasound Association CIC has approved the
content of this course and confirms that it has been delivered
by a qualified and accredited sonographer.

C Stowell

Catherine Stowell, MSc
(Medical Ultrasound)

Training undertaken with the Animal Ultrasound Association is not medical training
and does not entitle the above mentioned individual to practice under the title of
'sonographer'. Neither the Animal Ultrasound Association nor its affiliates take respon-
sibility for the practice of the above mentioned individual.
